EMPLOYENEURSHIP

A perfect match of stability and adventure. A combination of security of employment and entrepreneurship. Employeneurship has been received enthusiastically in several countries around the world. The model is based on five principles:

BUSINESS CELLS

Based on their field of technological expertise, they keep each other focused and up to date.

INDIVIDUAL PROFIT SHARING

Share of the profits they help generate.
Fully transparent and fairly rewarded.

YOUNIVERSITY

Freedom to decide their own career path, but also give them proper guidance along the way.

THE ENTREPRENEURIAL LAB

A place where revolutionary ideas are born.
The superlative of Employeneurship.

A LONG-TERM WORKING RELATIONSHIP

The security of a contract and dependable income.
