THE FoE INTERNATIONAL CONFERENCE, 17th EDITION

“Global Entrepreneurship: Political Economy, Financial and International Business Perspectives”

22-23 October 2026

***Host: Faculty of International Business and Economics,
Bucharest University of Economic Studies, Romania***

AIM:

This year's edition of the FoE International Conference organized by the Faculty of International Business and Economics explores and addresses the complex and interrelated challenges facing the global economy, from the analysis of the current economic disruptions to exploring policy responses and future scenarios and discussing their effectiveness and long-term impacts.

CONFERENCE TOPICS:

The Conference is centered around the following themes, but not limited to them:

- Global value chains and entrepreneurial integration in international markets
- Cross-border capital flows and entrepreneurial finance
- Institutional environments and comparative entrepreneurship
- Geopolitical risk and international business strategy
- Industrial policy and international competitiveness
- Digital trade, platforms, and global market access
- Sustainable entrepreneurship and global economic transformation
- Emerging markets as hubs of international entrepreneurship
- Macroeconomic volatility and entrepreneurial decision-making in open economies
- Risk, uncertainty, and resilience in global ventures
